HOW TO FIND YOUR CHESS SA ID

What is a Chess SA ID? A Chess South Africa ID is the unique number used to identify a player on the Chess SA ratings database. It helps players, schools and organisers find the correct player record, check ratings and confirm tournament history.

Go to www.ratings.chessa.co.za, or click here.

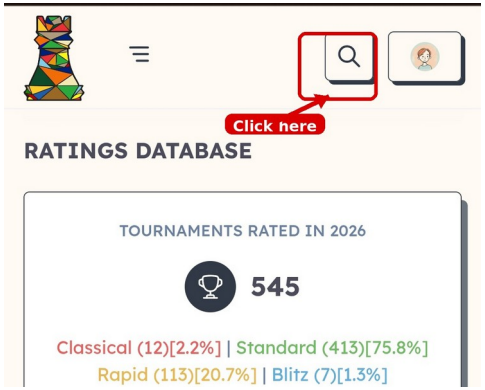

1. On a PC or laptop

Open the website and click in the search bar at the top left of the page.

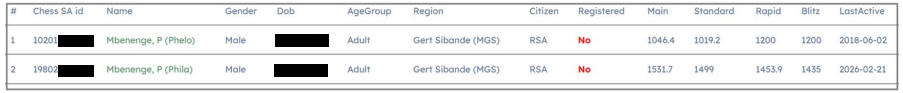

2. On a phone

Tap the magnifying glass icon to open the search option.

3. Search using the surname only

Example: to find the ID for **Phila Mbenenge**, type only **mbenenge**. On a PC or laptop, press **Enter**
